## **Local Internet Solutions Provider Begins Offering 24 x 7 Technical Support**

*Contact: Chris Phillips*

Dakota Internet Partners (DakotaCom.Net), Southern Arizona's largest locally owned Internet Solutions Provider, is now providing 24 x 7 technical support to its customers. The company had previously provided live technical support daily from 7AM to 11PM.

"We have seen an increase in the demand for around the clock technical support from our customers both in Tucson and elsewhere. The Internet has truly become a global communications network that crosses time zones, and of course, it never closes. As an internet services provider, we also provide various services used by companies and individuals all over the world. We felt it was time to match our service level to the customer's needs - wherever they may be. We can now say that DakotaCom.Net is never closed - even on holidays.

Besides offering an increased level of support for its customers, DakotaCom.Net offers a wide array of Internet connectivity, security and various productivity options for both home and business customers. DakotaCom.Net also has an impressive Data Center for businesses to place their mission critical servers and networking equipment.

"Businesses are not just looking for an Internet connection these days. They are looking for complete solutions that address their needs for not only high speed Internet, but also network security, managed services and enabling applications that allow their businesses to grow and take advantage of the efficiencies and productivity gains that Internet technology has to offer. DakotaCom.Net is here to deliver complete solutions from A to Z for our customers." said Christopher Phillips, VP of Sales

DakotaCom.Net has been operating in Tucson and Southern Arizona since 1995 and has one of the most advanced networks and server collocation facilities in Southern Arizona. The company provides a wide range of broadband services and data solutions to both business and residential customers.

DakotaCom.Net received the coveted 2006 Better Business Bureau of Southern Arizona's Business Ethics Award.
